This Week's Spotlight Saratoga Clay Arts Center

School's out, summer's here, time to amp up the fun at Saratoga Clay Arts Center! Summer 2012 brings an exciting series of programs for ages 7-16, taught by professional local artists/teachers and ranging in topics and techniques. All classes are open to all skill levels beginning and up. Pinch pots, slab projects, wheel throwing, glazing, and firing techniques come together to provide each student with exciting new experiences, knowledge of a new skill or enhanced techniques, and creations to take home to use and share with friends and family. What could be better than playing with clay all summer?! Sixteen weeklong summer programs run for eight weeks, beginning June 25 and ending August 24. Each week brings a different opportunity in clay. Visit SCAC's website at <http://www.saratogaclayarts.org/kid-sandclay/summercamp.php> for more details on programs, registration dates, fee details, and while you are there, take some time to check out the rest of our site and our Facebook page – we have awesome photo albums to get a glimpse inside SCAC.
